Recital in Memorial Hall April 9th.

RETIRES

WALTER PRATT

who retired as General Manager of the Canadian National Hotels, Sleeping and Dining Cars on March 1. Mr Pratt retires after a railway career extending over half a century and is well known from coast to coast.

TOWN COUNCIL MEET

—:O:—

A regular meeting of the Town Council was held on Tuesday evening all present except Councillor Hughes who we believe is having a good time at the coast.

Two tenders for the supply of a team were received, that of Percy Wright being accepted.

A communication was received from the Rodeo Association of America transmitting two certificates for Nathan Woldum as champion cowboy of Alberta and champion bareback rider. These certificates are to be presented to Nathan at some public function.

The Secretary Treasurer reported that Mr Hirtle had completed the assessment of the Town and that assessment notices would be mailed soon. Some difficulty was experienced in arriving at the value of the Hirtle Theatre property and it was decided to ask Mr Frank Skene to arbitrate in the matter.

A grant of $50 was made to the Salvation Army, same as last year.

To lighten the burden on those with low incomes it was agreed that those employees earning not more than $60 by the year be exempt from minimum school tax.

A few applications were received by residents for the use of vacant lots for garden purposes.

A number of accounts were passed.

::—:—::

Miss Taylor of Regina has been spending the Easter holiday with Mr and Mrs A P Gray.

::—:—::

The Easter Monday dance held in the Memorial Hall proved a most enjoyable if not a financially successful evening. Despite the bad roads and colder weather a fairly large crowd was present from outside points. Music was well supplied by the Strathmore orchestra. At midnight a cafeteria supper was served in the Dining Room by Messrs Miller and Hanson afterwhich dancing was resumed until a late hour. Much credit is due Mr W Mercer who was responsible for the sponsoring of the dance.

::—:—::

On Wednesday afternoon the Junior C G I T under the supervision of their leader Miss F Garrett held a most successful tea at the home of Mrs Art Hay. The spacious rooms were tastefully decorated with yellow daffodils, the youthful servitors carry ing out the color scheme in dainty yellow aprons. Tea was poured during the afternoon by Mrs E W Whiteside, Mrs M H Garrett and Miss F Craddock. A programme consisting of solos, duets and reading was given by the girls during the afternoon. The members of the group wish to trank all those who so kindly helped them in raising funds for their mother and Daughter banquet.

::—:—::

Mr George Patrick is at present the guest of his aunt and uncle Mr and Mrs McVittie of Revelstoke.

::—:—::

The marriage of Ada Mary, eldest daughter of Mr and Mrs Pat Colbert and Charles Raymond, eldest son of Mr and Mra J Bragg was solemnized at noon Monday, April 2nd at St Michael's church, Rev T B Winter officiating.

::—:—::

Mr John Garrett returned to Calgary Monday morning to resume teaching at Mt Royal College, after spending the Easter holiday at the home of his parents.

::—:—::

Miss Julia Short is home from Cardston for the holiday week.

::—:—::

The home of Mr and Mrs W Keer was the scene of a happy gathering on Wednesday evening of last week to honor Ian's 21st birthday. Bridge was played at four tables resulting in some very interesting games. The winners were Miss Alice Garrett and Mr T J Kildee, the consolation being awarded Miss Marjorie Lawson and Mr D Lawson. Following the bridge a delicious lunch was served by the hostess. A most enjoyable evening was concluded with stunts, games and dancing.

::—:—::

Mr and Mrs J E McCulloch of Calgary will be moving to Strathmore in the near future and will occupy the residence of Mr George T Berry.

::—:—::

Bring your sweetheart, wife, grandmother or mother-in-law along with you to the outstanding event of the season. The annual golf club dance at the Strathmore Memorial Hall on Monday April 16th. Si Hopkins 6 piece orchestra.

::—:—::

The Octave of services in St Michael's church which commenced when Leslie Hand gave us The Holy City with such excellent voice in Palm Sunday evening was brought to a wonderful conclusion on Easter evening when the choir vindicated Mr Patrick's choice of Jesus is Risen, for their Anthem. The members with the assistance of Meadames Milleson and Hughes, and Miss Gartshore, sang this and the rest of the musical parts of the Service in such a way as to make Easter Joy very real to all present. Mr Winter chose Angels Joy, as the subject for his sermon, and Violet Hyde did her duty by the Organ. The Easter Octave will conclude with the Guild's Musical in the Memorial Hall at 8.30 on Monday.

::—:—::

The Misses Mildred and Maude Marcum entertained on Saturday last for Mrs Warrington of Calgary.

CURED PORK

—:O:—

Important facts to remember in curing pork and other meats are that meats which are allowed to freeze on the surface before the animal heat has escaped from the interior will not have as pleasant a flavor as they would have if cooled off gradually. Meat ceases to take salt when the temperature falls below 36 degrees Fahrenheit. Dry curing must therefore be carried on in a room, the temperature of which does not long remain below 36 degrees.

Newsy Notes

—:O:—

Edmonton, Alberta— Alberta's wool production last year amounted to nearly 4 million pounds the latest official estimate being 3,988,000 pounds, compared with Ontario's 3,527,000 pounds and Quebec's 3,776,000 pounds Last year Alberta had 415,900 sheep and 248,100 lambs on farm and pasture. The proportion of lamb's wool to the 4,000,000 pounds total was 889,000 pounds.

—:O:—

Calgary, Alberta— At the present rate of production Alberta coal fields will last another 88,000 years according to Professor E S Moore, of the Toronto University Economic Geology Dept in an address at Peterborough, Ontario. Professor Moore mentioned that Canada produced 9c per cent of the world's nickel and stood second among countries as a producer of gold.

—:O:—

Vancouver, B C— The Canadian Linen Company of Vancouver has awarded a contract for the building of a new plant to provide space for six looms for the weaving of cotton and linen cloth.

—:O:—

Mrs Dibbs dresses very sensibly doesn't she?

Yes, some women will do anything to attract attention.

—:O:—

Wife (to husband driving a nail)— However do you expect to drive a nail in the wall with a clothes brush. For goodness sake, use your head.

—:O:—

Gratitude is the fairest blossom which springs from the soul.

—:O:—

The great man is he that does not lose his child's heart.

—:O:—

Mothers of all nations will be honored in the stamp which will go on sale in Washington on Mother's Day. In a design now awaiting the President's approval, Whistler's portrait of his mother will be set upon 200,000,000 stamps of the 3 cent denomination. No heart is proof against the placidity, tenderness and affection embodied in that picture—The whole weary world will wish to write a letter home under a stamp like that.

Twenty thousand voters in the Literary Digest poll as to the popularity of radio features registered their likes and lo, the symphony orchestra led all the rest.

A farmer's son decided to be a lawyer. His father drove him into town and got him a job as office boy to a law firm. Three days later the young fellow was back home again.

Well son how do you like the law? his father asked.

Aw it aint what it's cracked up to be, said the boy. I'm sorry I ever learned it.

The post office department at Ottawa has issued instructions to all city post offices in Canada that from March 25 to April 8 inclusive, letters passing through these offices are to be cancelled with the words Observe Sunday.

The Church of England was the first to command the custom of devoting the first Sunday after Easter to a consideration of the subject of Sabbath observance. Now the church courts of other denominations favor the custom with a view to securing concerted pulpit emphasis of an interdenominational character.

This year on April 8 a large percentage of the Protestant pulpits of Winnipeg are intimating their intention of dealing with this subject at one service of public worship.

Canadian Wool Demand

One of the most encouraging factors in so far as Canadian wools are concerned is the increasing use of Canadian wools by Canadian manufacturers. Well graded wools whether co-operatively consigned for official grading from producers' shipments or whether graded by wool brokers are in steady demand for imediate mill requirements. There are still some lots of wool in farmers hands having been held over from

low price years. These will likely be marketed in 1934, according to The Agricultural Situation bulletin, if present prices are maintained. In addition depression conditions have increased home spinning and weaving as well as other textile handicrafts, relieving the Canadian market of from five to six million pounds of wool per annum.

A letter from a big dairyman quoted in the Michigan Farmer tells how, at a rural clinic, a boy, obviously undernourished was being questioned.

You don't drink milk? asked the doctor in surprise.

Nope.

You live on a farm and don't drink milk?

Nope, we ain't got hardly enough milk for the hogs.

PREMIER PATULLO'S AGGRESSIVE ACTION

—:O:—

Premier Pattullo of British Columbia evidently thinks there is need in Canada for some of the initiative and aggressive action that is being shown in the United States in fighting adverse conditions. After a period of political chaos in British Columbia, the Liberals were placed in office with a majority over all other groups. The need of a strongly supported government was widely felt— a government that would deal with the extremely serious financial position of the province and do whatever could be done for the general welfare, unnaturally, therefore, Premier Pattullo feels that h chas a mandate to take energetic action in meeting the difficulties with which B C is faced. In a way he seems to be disposed to take a leaf out of President Roosevelt's book.

Maintenance if the pbblic institutions and servires at all costs, and the imparting of a real stimulus to the economit recovery of the province, are Mr Pattullo's main objectives. He proposes to seek those objectives regardless of what may happen otherwise. The province has an enormous debt of 167 million dollars for which he was not responsible. He recognizes the obligation to creditors of the province, but evidently feels that in such a great emergency the government can only do what it is able to do.

He has soulht the co-operation of the Dominion Government in a scheme of debt conversion which

Youngsters Travel Alone

Loaded with a large paper bag, full of sandwiches and fruit, five young Canadian "voyageurs" are seen at Windsor Station, Montreal, where they more than enjoyed themselves while waiting for the train to take them to the Canadian Pacific liner Duchess of York and England. They are Billy Anderson, 14, and his four sisters, left to right above, Ena, Blanche, Greta and Gwen. Greta, the youngest, is only six.

Few youngsters of his age are ever called upon to chaperone four young sisters on a 5,000 mile journey, but Billy shouldered his responsibilities like a man. He was shepherd, guide and constant census-taker of his little flock. The children are going to live with their grand-parents at Purley, near London. Canadian Pacific representatives and the Traveller's Aid Society cared for them en route. On board the Duchess of York the little girls were looked after by a motherly head-stewardess.

Mr John Pankratz has resumed his work as a railroad section man at Strangmuir on April 2nd. Mount Royal College, Calgary and Strangmuir railroad section are wide apart but John is equally at home at both these places.

::—:—::

Mr Jake Thiessen was at home on Easter Sunday. We are glad to hear that he is getting along fine. Jake is working for Mr J Nilson, Carseland.

::—:—::

The boys had great fun starting the old flivver. Whose flivver was it and what is ultimately going to happen to it?

::—:—::

The March issue of the School Pals began its circulation on Friday. More and more interest is shown in this school publication. We welcome any constructive criticism sent in by the parents.

::—:—::

On Monday A. il 9th Namaka Farm will be visited by Rev wiens, Missionary from India, Rev J Toews of Coaldale and another minister who will hold two special meetings. Rev Wiens is returning to his mission field in India.

::—:—::

Rev G Hubert of Gem and Rev A Willms of Strathmore brought the Easter message on Sunday. In the evening at 7 o'clock a special program by the Y P S brought the day to a happy close. About 25 young people took part in the program. Nine selections were rendered by the choir, ladies choir and ladies duets. Mr John Pankratz brought the message.

::—:—::

We regret to learn that Miss Katie Willms is ill. She has been ill for some time and we hope she will soon recover.

::—:—::

Mr H M Willms suddenly became ill on Saturday last. We wish him a speedy recovery.

::—:—::

Mr and Mrs Frank Bergen are leaving the district Monday. They have been fortunate to obtain a farm at Carstairs. We all join in wishing them heaps of luck for their new undertaking.

::—:—::

Mr and Mrs Huebert were the guests of Mr and Mrs A Wall on Sunday.

::—:—::

Mr J Reimer and family spent Easter Sunday with H H Willms.

::—:—::

Miss Nettie Willms from Calgary is visiting her brother and friends.

::—:—::

Mr C C Epp is leaving for Calgary on Tuesday. He plans to attend the Easter Convention of the A T A

::—:—::

Mrs G Dirks presented a Pasca to Mr C Epp. Pasca is a special cake that Russians used to bake for Easter. Before the Russian Revolution the Greek Orthodox took great care in baking this cake and bringing it to the church on Easter Sunday. There the pope or local clergyman would sprinkle holy water on the cake. It was then ready to be eaten. The Mennonite women have brought the recipe with them and continue to bake pasca year after year. This with Russian Borsh, a vegetable soup have made the Russian kitchen famous in other lands.

In spite of bad roads Easter services at the Danish church was well attended. The special music was very much enjoyed.

::—:—::

Frona Bolick of Calgary is a holiday visitor in the home of Mr and Mrs E L Wirt.

::—:—::

News has been received from Mr and Mrs Lester Mann who are visiting in Washington and California.

::—:—::

Mrs Mann writes that in Yakima they have had a moderate winter. Lawns are green and never any zero weather this year. In California Mrs Mann is having the time of her life gathering flowers, watching surf bathers, etc. This is an unusual sight for anyone who has lived long in Sunny Alberta where we have so much snow and wind. However we are certain these good folks will be glad to be back to Alberta for there is no place like home.

::—:—::

Mr S B Francis who resided 4 1-2 miles east of Standard died Monday morning at 4 o'clock after a lingering illness. Funeral services were conducted from the Armstrong Funeral Home by Rev Dixon. The friends of Mrs Francis and family extend heart felt sympathy in their hour of sorrow

::—:—::

Roads are almost impassible. Cars were stuck in the mud all around Standard and they say even on Main Street.

::—:—::

We are grateful for so much moisture and even the bad roads are a hindrance both to business and pleasure. We feel assured that crop conditions will be benefitted.

ARDENODE

—:o:—

Miss Gladys James spent the Easter days with her parents Mr and Mrs E D James.

::—:—::

The concert and dance sponsored by the Junior U F A Thursday evening last was a huge success. The crowd was not over large owing to some very bad roads. The play entitled, The Stage Struck Yankee, was very well done and brought some good hearty laughs from the audience. The cowboy songs rendered by two well known juniors were very well received and we are forced to give an encore. Shirley Edwards contributed to the program some very ably, also some very fine piano solos were given by the junior girls. Midnight lunch was partaken off, after which dancing was enjoyed till the early morning.

A SOLID FRONT AXLE

(1) The structural advantage of a sturdy front axle of high quality steel is apparent to anyone. (2) The proper camber, caster and "toe-in" of the front wheels can also be maintained with consequent reduction in tire wear. (Drop in and we'll show you what camber, caster and "toe-in" are.)

TRANSVERSE SPRINGS

(3) The heavy section of spring is attached to the frame. (4) The flexible, feather-like tips are attached to the axle near the wheels; they receive road shocks first and absorb most of them before they reach the frame. The rear wheels also have the same easy spring control.

RADIUS ROD BRACING

(5) In the Ford, regardless of braking stresses, alignment of the wheels and ease of steering are maintained by axle, radius rod and transverse spring. (6) The rear end of the radius rod is firmly fastened to the frame by a ball and socket joint which is insulated with rubber.

PREMIER PATULLO'S AGGRESSIVE ACTION

Continued from Page One

would have reduced the load of interest charges. But Mr Bennett has declined to adopt such a plan.

The determination not to mark time, not to see the provincial services ruined because of financial difficulties, nor to allow the people to suffer from continued economic stagnation are outstanding features of the policy of the Pattullo government. The budget recently presented by Hon John Hart restored $225,000 of hospitals grants and $200,000 for the public schools; It increased the University grant from $250,000 to $300,000, and provided an increase of $80,000 for mental hospitals and $150 000 for road maintenance. At the same time the budget lightened the burden of the one per cent tax on people with small incomes. The exemption of married men was raised from $500 to $1,000 and single persons without dependents who formerly had no exemption were exempt up to $600. This was done in a budget which showed a deficit of 2 million dollars for the coming year, although the budget included no payments into the sinking fund and nothing for unemployment relief. There was a boldness in the above provisions which suggests nothing of a defeatist attitude.

In addition and to enable him to meet the present emergency conditions if he must do so without much help from Ottawa, Mr Pattullo has introduced in the legislature a Special Powers Acct, which gives his government the full powers of the legislature with regard to financial economic and certain other matters, these powers to be retained until the end of the next session of the legislature.

We have our backs to the wall, and we intend to fight, Mr Pattullo declares.

FEEDING THE YOUNG CALF

—:O:—

For the first two or three days after the calf is taken from the cow it is fed one pound of warm whole milk three times a day. Then the milk ration is increased one third of a pound at each feed so that the calf is receiving 2 pounds to a feed or 6 pounds daily when it is 8 or 9 days old and 12 pouns a day in two or three feeds when it is 2 weeks old. At this time part of the whole milk may be replaced with skim milk at the rate of a couple of pounds a day. Whole milk is sometimes fed for six and eight weeks, however, when it is available and the breeding of the calf warrants this extra expense. The milk ration is increased to 14 pounds a day the fifth weeks, 15 pounds the sixth week, 16 pounds the ninth week and to 20 pounds daily when the calf is 3 months old. The feeding if the right amount if milk, the first weeks especially is considered so important that each feed for each calf is weighed. An ordinary spring scale is used for the purpose.

When two weeks old the calf is started on both grain and hay. Whole oats and bran, equal parts, are fed and the calf is taught to eat grain readily enough by putting a part handful in the feed bucket after the calf has finished drinkig its milk. After this the calf is given as much grain as it will clean up each day until it is four months old, when it is given about 3 pounds daily.

STRAWBERRIES ON THE PRAIRIE

—:O:—

The strawberry is not grown as extensively as it should be on the prairies. This is probably due to the inexperience of the people in general rather than the impossibility of the production of fruit. Strawberries will grow and produce abundantly provid

of the right varieties are planted and the recognized cultural treatments are followed.

Senator Dunlap is recognized as one of the best varieties of June bearing sorts for our climate. Premier, Easy Picker, arvel and Glen Mary are other good sorts.

At the Dominion Exeprimental Farm at Indian Head it has been found that spring planting has given greater satisfaction than fall planting. It is very essential that the plantation be surrounded by a shelter belt to give the needed protection from soil drifting and drying winds. The soil should be well prepared, preferably summerfallowed, with a heavy application of well rotted manure incorporated.
